WAVEBANDITS KITESURF SCHOOL

¿Who are the WAVEBANDITS? WaveBandits <<http://www.wavebandits.com/>> is a water sports school that can be found all over the world. All WaveBandits centres are official Naish Hawaii schools, using the same methodology and the latest Naish equipment. All students are provided with the equipment and attention suitable for their level, regardless if they are beginners or advanced surfers.

Depending on the characteristics of each surf spot, the WaveBandit centres offer classes in Windsurf, Kitesurf and Surf, as well as excursions and other offers that may vary between our different centres.

All our Kite and Windsurf schools in Germany, England, Spain, Brazil and Mauritius, provide a perfect environment for water sports. Our international team of qualified instructors and experts teach Kitesurf, Windsurf and Surf using the most up to date training methods and latest Naish equipment, thus making our classes appealing to both beginners and professionals alike.

Our teachers are certified instructors (IKO, VDWS, DSV or FAV). All courses are offered in Spanish, German, English, Dutch and French. Most of our centres can offer sleeping arrangements along with the courses, as well as transportation to the airport and to the beach.

We can also provide company for those kites and windsurfers that do not yet feel safe surfing on their own after finishing a course. This offer includes transportation to the beach, help raising and lowering the kite and getting the equipment set up, as well as a Rescue Standby and a Spotguide.

Our new station in TAIBA, Brazil, will be opening in September 2008, and can be found at Amarela loding house which is located very close to the beach and lagoon of Taiba. It's the perfect place to start a perfect day in the water!
